### Reports/Queries

<b>New PS_ENC_CUR_ARC table</b>	The new PS_ENC_CUR_ARC table is a copy of the PS_ENCUMB_CURR table being used/updated as part of the encumbrance processes (specifically the BORENCMB program) This table will only be accessible through query and will be used to create a new query ( based on the current BOR_CA_ENCUMB_CURR_SSC query) to enable institutions to validate encumbrance calculations.

## Payroll (PY)

### Modifications to Existing Processes/Tables

<p><b>Deduction Codes Added for GSEPS Retirement Plan – 01GERS &amp; 01G401</b></p>	<p>The Georgia State Employees' Pension and Savings Plan (GSEPS) is a retirement plan comprising a Defined Benefit Pension Plan and a 401(k) Plan with a matching employer contribution. The pension component of GSEPS is mandatory for eligible employees. The University System of Georgia recognizes eligibility for vested GSEPS members as a state retirement plan. The deductions codes 01GERS-Employees' Pension/Savings Plan and 01G401-GSEPS 401K have been configured in OneUSG Connect for calculation and deduction of GSEPS contributions.</p> <p><i>Set up HCM &gt; Product Related &gt; Payroll for North America &gt; Deductions &gt; Deduction Table</i></p>
<p><b>GSEPS Added to Common Remitter Processing</b></p>	<p>The following Common Remitter Retirement Processes have been modified to include the GSEPS Retirement Plan:</p> <ul style="list-style-type: none"> <li>RET Provider Work Tbl Load</li> <li>RET Add Contribution Row</li> <li>RET Adjustments</li> <li>RET Provider Validation</li> <li>RET Provider Final Extract</li> </ul>

	<p>The ERS Summary Report modification is currently in progress.</p> <p><i>BOR Customizations &gt; BOR Payroll &gt; Common Remitter &gt; Retirement &gt; Retirement Processes</i></p>
<p><b>Generic Retirement Provider Added to Common Remitter Processing</b></p>	<p>With the transition to TIAA for Retirement @ Work functionality the Common Remitter provider selection will be modified, after all June Common Remitter processes are completed, to only include provider 4 – Retirement. TIAA will maintain employee provider elections and this generic provider description used in OneUSG Connect. When running ORP Inquiry or TSA Inquiry menu options use the wild card (%) in the Provider Field and 4-Retirement will be returned.</p> <p><i>BOR Customizations &gt; BOR Payroll &gt; Common Remitter &gt; Retirement &gt; Retirement ORP Inquiry</i></p> <p><i>BOR Customizations &gt; BOR Payroll &gt; Common Remitter &gt; TSA &gt; TSA Inquiry</i></p>
<p><b>Compensation Rate Codes Added to Compensation Rate Code Table</b></p>	<p>The new Non-Standard Employee and Supplemental Pay Matrix provides the applicable Compensation Rate Code to be selected on the Compensation Page in Job Data. To support this functionality the following Compensation Rate Codes have been added to OneUSG Connect:</p> <ul style="list-style-type: none"> <li>MCACPF – Acad Consortium Prog Faculty</li> <li>MCACPS – Acad Consortium Prog Staff</li> <li>MCAFA – Academic Faculty Admin Assign</li> <li>MCCAR – Car Allowance</li> <li>MCCDI – Course Delivery Incentive</li> <li>MCHOU – Housing Allowance</li> <li>MCOVL – Overload</li> <li>MCPAL – President Allowance</li> <li>MCSUB – Subsistence Allowance</li> <li>MCTAF – Temporary Assignment Faculty</li> <li>MCTAS – Temporary Assignment Staff</li> <li>MCTAT – Temporary Assignment Student</li> </ul>

	<i>Set Up HCM &gt; Product Related &gt; Payroll for North America &gt; Compensation and Earnings &gt; Compensation Rate Code Table</i>
<b>Retro Pay Earnings Codes Added to Earnings Table and USG Retro Pay Program</b>	<p>A Retro Pay Trigger is created when JOB_COMP_FREQUENCY (Compensation Frequency) or COMPRATE (Compensation Rate) is updated with a date in a pay period prior to the employee's current pay period. The process of using new Compensation Rate Codes with corresponding earnings codes in Job Earnings Distribution required new retro pay earnings codes be created for inclusion in the USG Retro Pay Program. The following earnings codes will be available in time for August Monthly payroll processing (the first time retro MCOP could be processed):</p> <ul style="list-style-type: none"> <li>RUF – Retro SUF (Supp Pay Ret Elig Faculty)</li> <li>RUS – Retro SUS (Supp Pay RET Elig Staff)</li> <li>RNS – Retro SNS (Supp Pay Non Ret Elig Staff)</li> <li>ROL – Retro OVL (Faculty Overload)</li> <li>RCR – Retro CAP (Car Allowance Pensionable)</li> <li>RCC – Retro CAC (Car Allowance Non-Pensionable)</li> <li>RPL – Retro PAL (Presidential Allowance_PEN)</li> <li>RPN – Retro PAN (Presidential Allowance_NO PEN)</li> <li>RHP – Retro HOP (Housing Allowance-Pensionable)</li> <li>RHO – Retro HOU (Housing-Non Pensionable)</li> <li>RSB – Retro SUB (Subsistence-Adds to Gross)</li> <li>RST – Retro STU (Student Pay)</li> </ul> <p><i>Set Up HCM &gt; Product Related &gt; Payroll for North America &gt; Compensation and Earnings &gt; Earnings Table</i></p> <p><i>Set Up HCM &gt; Product Related &gt; Payroll for North America &gt; Retroactive Payroll &gt; Retro Pay Program</i></p>

## Reports/Queries

<p><b>Employee Self-Service (ESS) Paycheck Update</b></p>	<p>With the transition to TIAA for Retirement @ Work functionality, the ESS Pay Statement will no longer reflect the ORP, 403b, 403 Roth, 457b or 457 Roth provider in the employees' Before-Tax Deductions, After-Tax Deductions and Employer Paid Benefits Deduction Description. With the creation of the generic provider 4 – Retirement the provider specific detail is no longer maintained in OneUSG Connect so this detail is not available to be printed on the employee's ESS Paycheck. Effective with July paydates Deduction Descriptions will be:</p> <ul style="list-style-type: none"> <li>ORPLMT Retirement</li> <li>ORP Retirement</li> <li>403B Retirement</li> <li>457B Retirement</li> <li>403RTH Retirement</li> <li>457RTH Retirement</li> </ul> <p><i>Payroll for North America &gt; Payroll Processing USA &gt; Produce Payroll &gt; Review Self Service Paycheck</i></p> <p><i>Employee Self Service &gt; Pay</i></p>
---	--

### Page Changes

<p><b>Additional Pay Reasons</b></p>	<p>The Additional Pay page has been modified to include new Reasons to align with the Non-Standard Employee and Supplemental Pay Matrix. Practitioners can select the Additional Pay Reason that corresponds to the Additional Pay Earnings Code used for the employee.</p> <p><i>Payroll for North America &gt; Employee Pay Data USA &gt; Create Additional Pay</i></p>
<p><b>Historical Payroll Data</b></p>	<p>A link has been added within some PeopleSoft delivered pages that will allow practitioners to drill into history to supplement what was originally converted to core PeopleSoft tables. The following payroll pages have been</p>

	<p>modified to include this drill-down functionality:</p> <p><b>Earnings Balances</b> Payroll for NA &gt; Periodic Payroll Events &gt; Balance Reviews &gt; Earnings</p> <p><b>Deduction Balances</b> Payroll for NA &gt; Periodic Payroll Events &gt; Balance Reviews &gt; Deductions</p> <p><b>Tax Balances</b> Payroll for NA &gt; Periodic Payroll Events &gt; Balance Reviews &gt; Taxes</p> <p><b>Paycheck</b> Payroll for NA &gt; Payroll Processing USA &gt; Produce Payroll &gt; Review Paycheck</p> <p><b>Employee Tax Data (Federal &amp; State)</b> Payroll for NA &gt; Employee Pay Data USA &gt; Tax Information &gt; Update Employee Tax Data</p>
