OneUSG Connect

Systemwide savings
There is a reduced net cost to the USG via standardized policies and business processes on a single platform.

Mobile-friendly Design
Employees are able to record and submit time and access, review and update personal information on the go.

Centralized support
OneUSG Connect Support offers faster and more efficient responses to handle issues or answer questions.
Additional security
The streamlined portal environment is a single sign-on system protected by multi-factor authentication.

Reduced paper waste
Manual processes have been moved online, resulting in more electronic transactions and fewer paper checks.
