PRESIDENTIAL WELCOME

Georgia State University President Mark Becker welcomed the Board of Regents at approximately 9:42 a.m.

CHAIRMAN'S REMARKS

Chair Neil L. Pruitt, Jr., gave his remarks at approximately 9:43 a.m. Chair Pruitt first recognized and welcomed Georgia State Legislature Representatives Bentley and Williams. He noted which Regents would chair the Track I and II committees, respectively: Lori Durden, Academic Affairs; Larry Walker, Organization & Law; T. Rogers Wade, Personnel & Benefits; C. Dean Alford, Economic Development; Jim M. Hull, Committee on Finance and Business Operations; Richard L. Tucker, Internal Audit, Risk, and Compliance; and C. Thomas Hopkins, Committee on Real Estate and Facilities. Non-track committees will be chaired as follows, he said: Benjamin J. Tarbutton, III, Intercollegiate Athletics; Don L. Waters, Graduate Medical Education; and Philip A. Wilheit, Sr., State Wide Academic Health Planning.

Chair Pruitt stated three priorities for the Board of Regents in 2015. Those priorities are to ensure more students graduate, bolster the University System of Georgia's role in economic development, and be the best stewards of state resources possible. There are 1.9 million households in Georgia with children under 18, according to Chair Pruitt, who said the University System must earn their approval by focusing on these priorities. He stated Georgia must remain a top place to do business. The University System must insure entrepreneurship, and facilitate, not impede, transfer of intellectual capital to startup businesses. An audio recording of Chair Pruitt's comments is on file with, and available for inspection in, the Office of the Secretary to the Board.

SPECIAL INTRODUCTIONS: INTERIM PRESIDENTS

At approximately 9:55 a.m., Chancellor Henry M. Huckaby introduced interim presidents for several

institutions: Dr. Tom Hackett of Columbus State University; Dr. Margaret Venable of Dalton State College; and Dr. Charles Patterson of Georgia Southwestern State University.

SPECIAL CONSOLIDATION RECOMMENDATIONS

At approximately 10:02 a.m., Chancellor Henry M. Huckaby introduced Vice Chancellor for Strategic Planning Shelley Nickel. Ms. Nickel put before the Board a resolution consolidating Kennesaw State University and Southern Polytechnic State University, creating Kennesaw State University. With motion made and variously seconded, the Regents who were present voted unanimously to approve the resolution. The Board of Regents also approved Chancellor Henry M. Huckaby's recommendation that Dr. Daniel Papp be appointed the president of Kennesaw State University, with all rights and authorities, and all terms of employment contained in the Policy Manual.

Ms. Nickel further addressed the Board of Regents regarding the proposed consolidation of Georgia State University and Georgia Perimeter College. Ms. Nickel shared brief highlights of the two institutions' histories and profiles, and stated that the foremost reason for this consolidation is ensuring student success, and be more efficient and supportive of that end. The total student population of Georgia State and Georgia Perimeter tops 53,000, according to Ms. Nickel. Georgia Perimeter has for years functioned as a feeder school to Georgia State, and the two already share a campus in Alpharetta. While Georgia State University's first-year student retention rate remains high, Georgia Perimeter's hovers around 61 percent, she said.

Executive Vice Chancellor for Academic Affairs Houston Davis noted benefits to the consolidation and difficulties in realizing it. The consolidated institution would be able to serve students with very intentional advisement. There is a firm foundation and flow between the two institutions for those pursuing degrees, Dr. Davis said, and very intentional pathways could be established moving forward. This provides opportunity to target degrees where they are most needed, he said. So far as challenges, Dr. Davis stated among them was a reduction in state budgetary contributions. He stressed that budget concerns are not the driver for consolidation, though that will certainly need addressing in the coming years.

The Board of Regents approved designating Georgia State University President Mark Becker as the implementation leader and president of the consolidated institution. An audio recording of Ms. Nickel's and Dr. Davis' comments is on file with, and available for inspection in, the Office of the Secretary to the Board.

COMMITTEE ON GRADUATE MEDICAL EDUCATION

At approximately 1:40 p.m., Regent Don L. Waters introduced Director of Health Workforce Planning & Analysis Ben Robinson. Mr. Robinson called on Drs. Bruce Middendorf and Shelley Nuss of the St. Mary's Health System, who provided the committee with a detailed update on activities underway to establish an internal medicine residency program at St. Mary's by July 1, 2015, in conjunction with the Partnership Campus in Athens.

Committee Chair Waters introduced a resolution urging Congress to increase the number of Medicare graduate medical education slots for existing teaching hospitals, which will further the University System's ability to expand graduate medical education in Georgia. With motion made and variously seconded, the Board of Regents members present unanimously approved the resolution, attached hereto as Appendix I. An audio recording of the committee's proceedings is on file with, and available for inspection in, the Office of the Secretary to the Board.

FINANCIAL AID UPDATE

At approximately 2:02 p.m., Chief Audit Officer John Fuchko and Vice Chancellor for Planning and Implementation Shelley Nickel presented the Board with a high-level summary of recommendations made

by the Financial Aid Task Force established in Fall 2014, as well as current results of the USG-wide internal audit of financial aid. An audio recording of Mr. Fuchko's and Ms. Nickels' comments is on file with, and available for inspection in, the Office of the Secretary to the Board.

This orientation also included signing the USG Ethics Policy certification and constituted the ethics training required by Board Policy 8.2.20. An audio recording of Mr. Fuchko's remarks is on file with, and available for inspection in, the Office of the Secretary to the Board.

An audio recording of Mr. Daniel's comments is on file with, and available for inspection in, the Office of the Secretary to the Board.

CHANCELLOR'S REPORT

Chancellor Henry M. Huckaby gave his report at approximately 2:22 p.m. The Chancellor began with a video of fall commencement moments from various institutions. He reiterated the University System's resolve to move forward with improving operations of its Shared Services Center, to be renamed OneUSG, and take advantage of the material opportunity to examine economies of scale through that center. The Chancellor shared accolades received for the University System's public-private partnerships (P3) initiative. Chancellor Huckaby also spoke of the recently-activated Campus Safety Committee's endeavors, stating there will be a particular focus on alcohol use and abuse. Chancellor Huckaby concluded his report by touting research and academic milestones at several USG institutions. Before Chancellor Huckaby concluded, Chair Neil L. Pruitt, Jr., interjected to announce that the Chancellor had been named *Georgia Trend* magazine's 2015 Georgian of the Year. An audio recording of Chancellor Huckaby's remarks is on file with, and available for inspection in, the Office of the Secretary to the Board.

COMMITTEE REPORTS

The reports of the standing committees are attached hereto.

UNFINISHED BUSINESS

There was none.

NEW BUSINESS

At approximately 2:47 p.m., Chancellor Henry M. Huckaby cited a unique opportunity for the University System to collaborate with the Fulton County School System, which has issued a request for proposals regarding establishment of a charter high school in Hapeville. Atlanta Metropolitan State College President Gary McGaha has spoken to the Chancellor with interest in the RFP and will proceed with developing a proposal. Chancellor Huckaby stressed that this collaboration will have absolutely no impact on the University System's budget; the charter school's funds will be provided by Fulton County.

RESOLUTION URGING U.S. CONGRESS TO INCREASE THE NUMBER OF GME FUNDED MEDICARE SLOTS FOR EXISTING TEACHING HOSPITALS

WHEREAS, physicians form the backbone of the state's health system; and

WHEREAS, all indicators are clear that demand for and utilization of the services provided by physicians will increase over time; and

WHEREAS, in-state medical school enrollment has increased by 56.9 percent over the 11 year period to 2011, and is expected to increase by an additional 35 percent by 2020; and

WHEREAS, even with the growth in in-state medical school enrollment, Georgia is still projected to suffer from a shortfall of trained medical professionals for the foreseeable future; and

WHEREAS, medical education programs are spread among disparate public and private entities; and

WHEREAS, the state's medical schools are currently training more graduates than existing available residency slots; and

WHEREAS, numerous studies have shown that the greatest predictor of where a medical professional will establish their practice is where they complete their residency; and

WHEREAS, a study committee of the Georgia House of Representatives has identified many valuable ways to bolster expansion of GME in state

WHEREAS, Georgia has undertaken an effort to expand the number of GME slots in Georgia by 400, to match the per capita average for residency positions currently existing in the southeastern States; and

WHEREAS, ongoing efforts by the state to establish 400 additional GME slots for medical residents training in Georgia are on track, increasing the numbers of slots in historically underserved areas of the state; and

WHEREAS, despite the efficacy of this effort to expand GME in Georgia, Georgia will continue to face shortfalls in the number of physicians needed to meet demand for healthcare services in Georgia; and
